What is SYP?

A Web site that displays a wide range of exciting opportunities for pre-K through 12th graders to improve their knowledge and skills in specific subject areas.

Pre-college programs are an excellent way for students to explore majors or careers while being introduced to the college environment.

With over 200 listings covering topics in agriculture, art, business, computers, engineering, math, music, science, sports, and writing, MSU is sure to have a program for every student!

You can search the SYP Web site for:
- summer and school year programs
- opportunities to earn college credit
- residential experiences on the MSU campus
- financial assistance
- study abroad possibilities
